

Jhedi Ayala

Full-stack web developer

S U M M A R Y

Software Engineer interested in the intersections of software, machine learning, and the future. Excited to build new technologies that aid development and empower communities.

My background in music, the arts, and improv comedy has equipped me with the soft skills needed to interface with clients of all backgrounds and the sensitivity, and skill, to bring their visions into reality.

E M P L O Y M E N T

DIGITAL CULTURE NYC **Freelance Web Developer**

Brooklyn, NY
